REDWOOD BOY SOUGHT AS DEATH CAR DRIVER

George Olsen, son of John Olsen of this city, is being sought as the driver of the car which struck and killed Robert Brassy, 22-yead-old son of A. L. Brassy, San Jose capitalist, Tuesday afternoon, and speeded away to avoid detection.

The identity of the car was established when officers of the San Jose police department found a car parked on a street in San Jose, the front fender of which was bent, and upon which fragments of flesh and bits of hair were found.

They waited until the driver of the car returned, and upon his appearance took him and the car to the county jail. The driver of the car proved to be Dean Hill of twenty-fourth and Santa Clara streets, the owner of the car, who declared himself ignorant of the fact that his was the machine involved in the fatal accident. His young brother-in-law, 14-year-old George Olsen, was driving the car at the time of the accident, he said.

Search was immediately instituted for young Olsen. It was found he had left the Hill home, where he had been living, in his father's automobile to go to the Hawthorne school which he attends. At the school it was ascertained that he had tried without success to persuade two of his friends to accompany him to Los Angeles in the automobile, and when they refused, left in the machine alone.

Sheriff Lyle at once wired officers along the road to intercept the boy if he passed through, and dispatched Deputies Pyne and Hamilton with Detective Charles Hertell of the police department to follow after him. They proceeded as far as Salinas, finding no trace of him, and were advised by Sheriff Oyer of Monterey county that his officers, who had been out for over an hour, were unable to locate him.

In the meantime Sheriff Lyle located the boy's father, John Olsen, 307 Beach street, this city, and from him procured the number of the automobile in which the boy was traveling. This and a description of the boy was wired to officers throughout the state, and it is expected that he will be taken into custody shortly.

NEWS OF WOODSIDE

Mr. and Mrs. P. C. Hale gave a luncheon at their place here on Sunday last. A large number of guests motored down from the city to partake of the feast prepared in Gypsy fashion under the trees. The tables were spread in the redwood grove and fortunately our weather was at its best.

Dr. Bradford Leavitt of Pasadena arrived on Thursday to look over his place and get it in shape for the summer months. He and his family come up each year during the summer to escape the heat of the southern part of the state.

Frank J. Pierce started, a short time ago, to raise a few pigeons as a pastime, but his interest and his plant has grown to such an extent that he can now fairly be said to be in the squab raising business.

Mrs. A. H. Audiffred gave a very enjoyable Mah Jongg party on Tuesday afternoon Those present were, Mrs. Fred Mighall, Miss May Huddart, Miss Addie Tripp, Mrs. J. L. Ross, Jr., Mrs Ludwig von Savoye, Mrs. John D. Gish, Mrs Henry Jenkins, Mrs. N. A. Andreen, Mrs. William MacDonald, Mrs. P. D. Jarvis, and Mrs J. C. Flynn.

Mrs. F. H. Mowwe is planning a trip to see her mother in Indianapolis.

Miss May Huddart, superintendent of the local Sunday School, is patiently drilling her charges in their parts for the Easter service which in this church is always given into the charge of the children.

Mr. and Mrs. Frank Mighall spent Sunday last with friends at Gilroy.

I note the return of the oriole with his melodious voice. But you must waken just as the sun peeps over the eastern hills if you would hear him at his best. He seems to feel himself particularly called upon to welcome the new day with a song and so puts forth his very best effort just at the rising of the sun.

Mrs. Henry Lamb, who has been confined to her home on Arch street for the last two weeks with an attack of pleurisy is reported much improved, and her speedy recovery is expected.

PROMINENT COUPLE KILLED ON SAN BRUNO CROSSING

Mr. and Mrs. Frank A. Wilcox of Santa Clara, both well-known members of pioneer California families, were instantly killed at San Bruno at 8 o'clock Wednesday when the automobile in which they were riding was struck and demolished by a Southern Pacific train. They were motoring back to their home at Santa Clara at the time.

Wilcox, who was 63 years of age, was well known throughout the state for his activity in the fruit industry. He was a member of the board of directors of the California Co-Operative Canneries, and the occasion of his visit to San Francisco was a meeting of the board in that city.

Mrs. Wilcox was 53 years of age, and before her marriage was Mary L. Ortley, daughter of Captain John J. Ortley, an early pioneer who acquired extensive holdings in the vicinity of Alviso.

SEQUOIA ALUMNI DANCE ATTRACTING ATTENTION

Much interest is being expressed in the forth coming dance of the Sequoia Alumni Association, which as announced in this paper last week, will take place on Friday evening, April 25th. The Nighthawk orchestra, the high school organization, has been secured for the occasion, and a good dance is expected. The new pavillion of the high school will be used for the dance. Admission will be 50 cents for gentlemen and 25 cents for ladies.

Kiwanis Club To be Formed

A number of business and professional men have completed an organization and have applied for charter as the Redwood City Kiwanis Club. Thirty-five members have been enrolled upon the application which has been forwarded to the national headquarters of Kiwanis. E. B. Hinman is temporary chairman and A. C. Argo is acting secretary and treasurer of the local club.

Kiwanis is one of the international service club organizations, started in communiites to bring the business men of the community into a closer relationship. It is the purpose of the club to make the home town a good place in which to live. The organization does not go into politics, but the members are banded together to improve all kinds of conditions. Kiwanis also assists in charitable affairs and is looked upon to lead in any industrial improvements. It is to be hoped that the National organization will grant the local chapter and that the members will soon be inaugurating their good works here.

It is the plan of the members to meet at luncheon every Tuesday at a local restaurant.

Opens Real Estate Office At Five Points

Martin Wolner, who has been representing a San Francisco firm in the sale of West Redwood tract property, has opened a real estate office on the State highway, at Five Points. He will operate under the name of the Five Points Realty Co.

Magazine and Soft Drink Parlor Changes Hands

Larence Wikoff, who has been conducting the magazine and soft drink stand in the Stafford block on Broadway, has sold out his interest in the store to L. Hemrick, who has been conducting the Redwood News Agency in connection with the store. The Wikoffs have not announced their plans, but it is thought that they will remain in Redwood City.

NEW JEWELER OPENS STORE IN SEQUOIA HOTEL BUILDING

P. L. Seamans, who for the past twenty-five years has been conducting one of the finest jewelry stores in Palo Alto, has removed to a location in the Sequoia Hotel building and has opened a store that will be a credit to Redwood City. Seamans has been watching Redwood City's progress ever since he established in business in Palo Alto, and at one time started a store here. That was about twenty-five years ago, and he did not find the field ready, so he left here and went to Palo Alto.

Now, according to Seamans, Redwood City has developed into one of the finest towns in the state, and finding that opportunities were much better here than in Palo Aito, he has moved his store from the latter town. So far, he says, business has entirely supported his views and he is well pleased with the change.

Mr. Seamans is an expert watch repairer and a diamond specialist, in both of these lines he has earned a good reputation in this section, and has had many local customers during his time in Palo Alto.

Hightower's "Machine Gun" May Be Sold

According to an order filed this week, the exhibits used in the Hightower case and the Inez Reed case will be sold or destroyed. The exhibits consist mainly of greatly enlarged photographs which are of no value and will be destroyed by the sheriff. Among the relics of the Hightower case, however, there is an infernal machine composed of boards, hinges and short pieces of pipe with which the famous murderer intended to blow up the whole searching party which was sent out in search of the body of Father Patrick Heslin, murdered priest of Colma.

Hightower is now serving time in San Quentin for the murder of Father Heslin, which attracted nation-wide attention in 1921, when the body of the priest was found buried in the sand at Salada Beach.

A rifle which Hightower is said to have sold to Louis Smith of San Francisco, and which was used during the trial, will be returned to Smith.

D. Northcott was convicted of the murder of Inez Reed, whose body was found thrown over a cliff on the Crystal Springs road in 1919. The exhibits in this case are of no value and will all be destroyed.

GYPSIES VISIT TOWN

A band of wandering Gypsies drove into town Thursday, and while they did not excell in that quality which is said to resemble Godliness, they at least added a bit of color to the somewhat hum-drum appearance of our business streets. Dame Fashion's decrees do not seem to affect the ladies of the roving race, who make their annual appearance here in the same cuts and colors, year after year. The old covered wagon, however, has of late years given way before the more expensive makes of automobiles. This change has given the men more time to lay around, as they, now, do not need to indulge in horse swapping, a Gypsy profession.

SAN CARLOS ITEMS

Mr. and Mrs. D. L. Stewart entertained friends at their home on Cypress avenue on Friday evening. Whist was enjoyed and a dainty repast was served.

Mrs. Anna Dennery, Jack Walsh, Edward Dennery and Miss Catherine Keyser were guests at the Dennery home on Sunday.

James Rich of San Mateo was in town on Sunday.

Mrs. L. DeFreece entertained visitors at her home on Sunday.

Miss Margaret Bourke was given a surprise party in honor of her 12th birthday . Many of her little playmates gathered to enjoy her hospitality and games were played. Dainty refreshments were served and then the little guests departed for their homes.

Frank Quinn has received an appointment by the California Motor Vehicle Department to appear for duty in San Francisco on April 10, 1924.

Mr. and Mrs. D. L. Stewart were hosts at an informal whist party Friday evening held at their home on Cypress avenue. A buffet supper was served after the game. Those who playd were, Dr. and Mrs. J. G. Null, Mrs. Kunze, Mr. and Mrs. Steele, Mr. and Mrs. Harry Gee, Mr. and Mrs. Harry Mahaney, Mrs. Place, Sr., Mr. and Mrs. Robert Robert Place and Mr. and Mrs. D. L. Stewart.

The Volunteer Fire Department held an election on Monday for fire commissioners which election resulted in the following: O. D. Fairfield received 53 votes, Fred Walker 52 and H. W. Mallory 52. Frank Quinn who was a candidate resigned owing to the fact that he is leaving San Carlos.

Mrs J. W. Davis, Mrs J. M. Edling and Mrs R. Steele attended the State convention given by the Parent-Teachers Association at Berkeley on April 10th and 11th.

Mr. and Mrs. Ben Barham were visitors in town on Wednesday evening. The former was also in town Wednesday.

60TH WEDDING ANNIVERSARY CELEBRATED

The sixtieth anniversary of the wedding of Mr. and Mrs. W. S. Taylor of this city was celebrated at the home of their daughter, Mrs. J. C. Eikerenkotter, 319 Spruce street, Sunday.

The Taylors were married in Ohio on April 6, 1864, immediately leaving for California, where they made their home in Redwood City. After a number of years they moved to South San Francisco, where Taylor engaged in the coal, wood and grain business, from which he retired a few years ago.

Mrs. Henry Haaker and Mrs. C. W Meyer are granddaughters of the couple, and with their families gathered at the Eikerenkotter home During the day a large number of friends from different sections of San Mateo county called to offer their congratulations to Mr. and Mrs. Taylor.

Mrs. Taylor celebrated her 81st birthday on Wednesday at the home of her daughter.—S. S. F. Enterprise.

According to word received this week by Mrs. O. M. Carrington, from Prof. Carrington, who left for Cincinatti last week to attend a music instrugtors' convention, he reached his destination in safety and is having an enjoyable trip. He expects to be away for about three weeks.

IMMENSE DEVELOPMENTS BEING MADE AT NEW CEMENT WORKS

700 Men Are Now Employed in Construction of Plant which will Rival Union Iron Works in Size

Work on the first unit of the immense cement plant being constructed here will be completed about July 1st, according to word received this week. At present there are over 700 men at work on the plant, and in some lines work is being rushed night and day; search lights being used to illumine the operation of the night crew.

The seven piledrivers, which have been working for weeks sinking the forty-foot piles which form the base for the immense foundations of concrete which are now being laid, are almost through with their job of driving the four thousand piles which are being used. As soon as the piledrivers are through and can be taken out of the way, work will be rushed and a larger force of men employed than are now at work.

When completed the first unit will consist of three large buildings, the largest of which will be six hundred feet long. The height of the buildings will vary, the tallestbeing 85 feet in height. A number of smaller buildings will be built later. Two other units the same size as the one new under construction will be built as soon as the present work is completed.

A large wharf is now under construction, where, when the plant is in operation, the mud scows employed to furnish shells for the plant will unload. A shipping wharf is to be constructed to the west of this mud wharf, where the water is of sufficient depth to accomodate the largest vessels.

The scene of the plant today is one of unprecedented activity in this section, six spur tracks have been constructed in the plant, and little locomotives switch the train loads of materials from one portion of the workings to another; three concrete mixers are busy mixing the cement for the foundations; a tractor drags the large piles from the water and they are immediately hoisted high into the air by a donkey engine, and in an incredably short time are sinking into the ground under the powerful blows of a steam hammer.

Acres of tangled steel re-inforcing are now ready laid and tons of concrete are every day being poured into the forms prepared for it. A steam shovel is kept busy filling the large gravel bins from the waiting box cars, and the bins are soon emptied to supply the constantly turning concrete mixers. Numerous little electric pumps whirling far below the surface of the mud serve to keep the excavations from filling with the water which seeps in from the bay.

So much electric energy is being used by the various machines in use that the Pacific Gas & Electric Company has installed a temporary substation to supply the plant, until a permanent sub-station is built. Transformers of 400 horsepower capacity have been installed.

This great factory will depend for its raw material almost entirely upon local materials. The shells and blue mud, both of which abound in the bottom of the bay, will be used in the manufacture of the cement. Great rotating kilns, which are already on the ground awaiting installation, will be used to combine the materials, which will then come forth as clinkers. The clinkers will be seasoned by storing for a period of time in a building whose foundation was poured this week. A huge conveyor shaft connects this building with another in which will be located the grinding machinery.

The buildings formerly owned by the Morgan Oyster Company have been fitted up for temporary offices, and one building is being used as a bunk house for some of the men employed. The majority of the men are being taken care of in tents and bunkhouses erected south of the plant.

The building is being done under the direction of Donald W. Warren, who is in charge of the engineering work for the New York Foundation Company, and Guy Mason, who is superintendent of construction for the same company. Superintendent Stevens has charge of the plant.

PROMINENT SAN MATEO MAN PASSES AWAY THURSDAY

William Rapp, who for the past thirty-five years has been a resident of San Mateo, passed away suddenly last Thursday night. Mr. Rapp was seventy years of age, and for many years had been connected with the firm of W. W. Montague, San Francisco hardware firm.

The deceased is survived by his wife, Mrs. Mary A. Rapp, four sons, George B., William A., Francis and Albert T. Rapp and one daughter, Mrs. Clement J. Nash.

While no definite announcements have been made yet, it is thought that the funeral will take place on Monday at 10 o'clock from the Church of St. Matthew in San Mateo. Interment will be in St. John's cemetery in San Mateo.

LOCAL HOTEL MAN BUYS BROADWAY BLOCK

A. J. Fromm, proprietor of the Sequoia hotel of this city, has purchased the eastern half of the Germania hall property on Broadway from Mrs. John Welch and her sister, Miss Bertha Kuck of Menlo Park. Fromm expects to remove the present building and construct a large modern hotel building on the site. Fromm formerly conducted the Capitol hotel which until the earthquake of 1906 stood just across the creek from where he now expects to erect the new hotel.

EIGHT CHINESE TAKEN IN GAMBLING RAID

A raid conducted by the sheriff's office upon a gambling house in Visitacion last Wednesday resulted in taking into custody of eight Chinese who gave their names as Ah Sook, 35 years old; Mar Sue, 56; Lee Chin, 31; Sook Wing, 24; Charlie Lee, 36; Tin Sing, 39; Ah Quan, 44; and Ah Tin, 53.

Information concerning the gambling place is said to have been given by wives of employees in the railroad shops at Visitacion. It is reported that the railroad men were losing their salaries at the games of the Orientals, and this fact lead to the information concerning the place being sent to the sheriff.

The eight men were arraigned before Justice of the Peace Griffin yesterday at 11 o'clock. The men were represented by Attorney Mansfield.

When arraigned the eight men plead not guilty and are now at liberty on $1,000 bail each. The trial will be set next week.

Miss Lulu Beeger substituted in the journalism classes at Sequoia for Miss Eyla Walker, Thursday and yesterday, and reports indicate that Miss Walker was to join the ranks of the newlyweds in San Francisco Friday afternoon. The gentlman in the case is from the old home town in Oregon, and is at present employed by the Pacilc Portland Cement plant on Redwood City harbor.

Identity of Deer Slayers Known to Jack Burke

That he has definite knowledge as to the identity of the three men who killed three deers on the Spring Valley property recently, was announced this week by Jack Burke, game warden. The identity of the men, it is said, was established by finding the car which was known to have driven away just after the deers were shot, and the finding of the rifles corresponding to the shells found upon the site where the men stood and shot the does.

Burke said that he was not yet ready to make known the names of the men but said that they were men from this county and were well known. The identity of the three will be made known very shortly, he said, and they will be arrested. It is very likely that they will receive the full penalty that the law allows, when they are proven guilty.

TWO SMALL LOCAL GIRLS MEET SIMILAR ACCIDENTS

The 10-year-old daughter of Mr and Mrs. Gus Waller was struck by a machine at the corner of Broadway and the highway Tuesday. The child was painfully but not seriously hurt. A similar accident occured to Lillian, young daughter of Mr. and Mrs. A. J. Phinney, who was struck by a car on Broadway Thursday The little girl escaped without injury, but the bicycle on which she was riding was demolished.

Locals

Charles M. Glynn, a former resident of Redwood City, was a visitor in town this week.

Miss Lulu Beeger is substituting at the Sequoia Union High School, for Miss Eyla Walker, instructor in English at that institution, who has been away on business for the last two days.

Miss Katherine Wolfenden,o formerly instructor in languages at Sequoia Union High School visited with friends in Redwood City last Saturday. Miss Wolfenden is now teaching in the Oakland high school, Oakland, California.

Thomas Tuite of this city has purchased the home of B. C. Rohn, facing on Walnut street. The property is adjoining property owned by Tuite on Main street. The Rohrs will continue to reside in their place for a few months yet.

Charles A. McLeod of Yerington, Nevada, was an arrival in Redwood City this week, and has taken a position with the New York Foundation Company, who is building the cement plant near this city.

George E. Dunn, the jovial editor from the coatside, was a Redwood City visitor Thursday. George is a great booster for the coatside of San Mateo county, and especially will he argue with you the merits of living near where the sea billows roll.

Horace Nelson, president of the Bank of Halfmoon Bay, was transacting business in Redwood City on Thursday. Mr. Nelson reports conditions on the coastside very good and Halfmoon Bay enjoying its share of prosperity, and that the town is expressing the same by quite a little building campaign.

Mrs. Louis Uhlenberg entertained number of her Redwood City friends at her new home on Fulton street, Palo Alto last Saturday night. Those who attended the affair were Mesdames C. Locker, J. Isaac, F. Irwin, F. Kruse, W. Doxsee, A. Meyers and the Misses Eva Locker, Mildrod Proctor and Mable Corwin. The hostess served delicous refreshments on a table artistically decorated with favors appropriate to the occasion.

Mrs. Sarah Wentworth returned this week from a visit with her neice Mrs. Robert Wright of San Jose.

Mr. and Mrs. Perry Downs entertained a number of friends at their home last Sunday.

Miss Gertrude Beeger left last night for a visit to Los Angeles. She will be gone for several days.

Joel, the 11-year-old son of Attorney and Mrs. Albert Mansfield, is confined to the Community hospital, where he was taken last week suffering with pneumonia. His condition is reported to be rather critical.

Mrs. Annie Mantz was elected associate matron of the Sequoia Chapter O. E. S. at a special election of the chapter last Monday evening. She will succeed Mrs. May Cummings who recently resigned the position. Miss Cora Clute was elected conductress.

Miss Cora Lovie, assistant secretary of the local Building and Loan Assaciation, has been quite ill at her home for the past week. She is now reported to be upon the mend.

Captain and Mrs. Lewis H. Britton and their daughter, Miss Nellie Jane Britton of Morgan Hill spent the week end here as the guests of Mr and Mrs. Roy W. Cloud.

Mrs. Walton Maloney with her little daughter, Elinor, spent yesterday visiting her sister in San Francisco.

FOOT AND MOUTH DISEASE AFFECTS ON AUTO TRAVEL

Quarantine regulations now being enforced by authorities in charge of the foot and mouth disease situation are limiting motor travel, picnicing, hiking, and the movement of pets or other animals in practically all San Joaquin Valley counties, in Marin, Contra Costa, Alameda and Santa Cruz counties, and in several counties traversed by the Coast highway.

According to information furnished by federal, state and local officials throughout the state, the carrying of pets of any kind across county lines is prohibited by practically every county.

Most of the counties in the San Joaquin Valley have installed dips on the main highways and require all motor vehicles to drive through them. In Stanislaus and Merced counties occupants of cars are required to walk through the dips. Practically all local roads in these counties are closed to outside travel and hiking and picnicing is forbidden.

Santa Cruz county has installed dips and a similar dip is being maintained by San Benito county near the summit of the Pacheco Pass. All roads in the San Joaquin Valley leading to the Pacheco Pass are closed except the one leading from Fresno.

In Marin county dips will be installed at the Sausalito and Richmond ferries and motorists required to stay on the main highway. Picking wild flowers, picnicing, hiking and camping is prohibited. Grant was informed. Camping and picnicing flowers, picinicing, hiking and camping is prohibited. Picnicing and camping is also prohibited by quarantine regulations in Contra Costa and Alameda counties.

Along the route of the Coast highway to Los Angeles, strict quarantine regulations are being enforced in Ventura, Santa Barbara, San Luis Obispo and Los Angeles counties. In some of these counties local roads are closed and motorists are required to stop at county lines in several places for rigid inspection and car disinfection.

No cases of the disease have been reported in this county yet, but picnics are forbidden on or near any cattle ranches, and motorists are warned against trespassing on any stock farms.

Thomas Quinlan and Philip Gonzales, two prominent Half Moon Bay residents, have accepted positions with the Pacific Portland Cement Company and are temporarily residing in Redwood City.

Mrs. John McCrea and her little daughter are here from Madera visiting with Mr. and Mrs. Percy Long.

Mr. and Mrs. Dave Moore returned from Pescadero this week and will spend a few days at their home. They had expected to remain at Pescadero for some time but Mr. Moore had a bad attack of tonsilitis and so the return to Redwood City was necessary. They will go to Pescadero next week.

Mr. and Mrs. John Christ, pioneer residents of this city, but now residing in Cloverdale, are visiting their son, Geo. C. Christ and family.

Mr. Crester E. Pearman, the new director of St. Peter's vested choir will sing Gounod's "There is a Green Hill far Away," at the 11 o'clock service on Palm Sunday, April 13th. The choir is greatly improved since Mr. Pearman took charge and has been augmented with several good voices. Mrs. R. B. Palmer has been appointed organist.

Redwood Circle, U. A. O. D, will hold a card party next Monday evening in the Odd Fellows' hall.

Looking over people in the mass we come to believe it would be harder to prove that they are not descended from monkeys than that they are.

SUPERVISORS APPOINT ROACH CONSTABLE

The supervisors of San Mateo county met for a short and in most ways uneventful meeting last Monday. The only business of general interest transacted was the appointment of a successor to James Logan as constable of the Third township. The vacancy in the office of constable was caused by the resignation of Logan, who had taken up his duties as chief of the county traffic squad, to which post he was recently appointed. To fill the vacancy the board appointed Frank Roach of Menlo Park, who ran for sheriff last election and was defeated by the late H. W. Lampkin. Roach was appointed in preference to three other applicants who also had petitions filed; these were Jos. Feliz of Atherton, Arthur Bray of Redwood City and Arthur Wilkinson of Menlo Park. The appointment was made upon a motion of Supervisor Hickey of South San Francisco, seconded by Supervisor Brown of Burlingame. Supervisor MacBain, in whose township the appointment was to be made,, voted for the motion of the other supervisors, but made no remarks upon the appointment.

A communication was received from Congressman Arthur M. Free of this district, in answer to a letter sent to him some time ago in regard to the possibilities of securing an appropriation for the deepening of the Redwood City harbor, or for making a survey of the harbor. Free stated that he was not sure that a river and harbor bill would be passed at this session of congress, and that it was not the general custom for appropriations to be made for surveys within four years after a former survey, which in this case was made in 1921. Free assured the board, however, that he would do the best he could in the matter.

A suggestion was received from the State Highway Commission to the effect that before a new subdivision is opened up on the highways of this county, that a map be sent to the commission for approval. This is for the purpose of assuring that tracts are so laid out that in the future when it becomes necessary to widen the present highways, it may be done with as little expense and inconvenience as possible.

NOTES FROM BELMONT

Miss Carmel O'Brien sailed yesterday for Los Angeles where she will spend several days.

Mrs. Alfred entertained the Travel Club Wednesday. Decorations were all carried out for Easter. Those present were Mrs. Pipin, Mrs. Williams, Mrs. Parrett and Mrs. Thomas E. Moran.

Mrs. Williams motored to Palo Alto Thursday to visit friends.

Mrs. Thomas E. Moran entertained Mrs. Fred Johnson, Mrs. Paul Miller and Mrs. McArdle at an afternoon Thursday.

Mr. and Mrs. William Hancombe, residents of King's Heights for the past year, will soon leave Belmont as their new home in San Carlos is fast nearing completion.

Mrs. Thomas E. Moran and children will visit her mother, Mrs. Barr, in San Francisco for a few days next week.

The P.-T. A. will hold a very important meeting on the 29th of this month for the purpose of electing officers. On the 17th the Belmont and San Carlos P.-T. A. will entertain the federation at Belmont.

Miss Hortense Newkirk, daughter of Mr. and Mrs. Smith, and Mr. Harold Dornberger were married by the Rev. Brewer on Sunday last. Mr. and Mrs. Dorberger have departed on a wedding journey, and on their return will reside in Belmont.

Word was received by friends in town of Miss Calrissa Dodge and her aunt, Mrs. Emma Wintre, telling of their safe arrival in Wisconsin, where they will visit Miss Dodge's sister, Mrs. Jacob Spoolman.

A BOARD WITH A VISION

The recent election in the Sequoia Union High School District has ordained that two new members will take their places when the "Board" is reorganized on May 1st. The new board as it will then be constituted will consist of five fine representative business men of whom the district may well be proud.

We wish to talk for a moment about the members who will go out of office May 1st. They are Mr. D. E. O'Keefe and Mr. T. O. Heydenfeldt. These two gentlemen with the late L. P. Behrens and with Edward Greeley and W. A. Emmett, composed a board that had a vision.

These gentlemen handled the affairs of Sequoia for a number of years. When the need arose they bought the old baseball grounds and after ten years of service the property was sold for nearly three times its purchase price. This board also put the acquisition of the new high school site up to the people. The members might have said, "Oh it's too big a proposition." But they didn't. They got behind the scheme and pushed it. Then they fathered a big bond issue and today we have as fine a high school as can be found in the whole United States. Visitors who see it are amazed at the plant and the wonderful park that surrounds it. The members of the board had a vision and they made their vision come true. We are glad that they served the people of San Mateo county so well. In the days to come boys and girls will enjoy great benefits because these men were willing to give their time and thought and inspiration in order that the youth of the land might receive its training amid beautiful surroundings.

We hail the trustees of the new board. We hope that their services may be helpful and happy.

We thank the members of the old board in behalf of the residents of the Sequoia Union High School District. They were faithful to their trust and have rendered a good account of their stewardship.

FOREST PROTECTION WEEK

There are so many special "weeks" that we hesitate to again talk of one, but we believe we should call attention to "National Forest Protection Week." It is to be observed from April 21 to April 27.

Every citizen who is interested in the great outdoors should think about our natural resources. My but we have been careless in the past with the wonderful trees and forests that were given to us as a heritage and which we didn't know how to value. We all think with Joyce Kilmer that there is "Nothing lovlier than a tree," and yet when we are out among them most of us are not as careful as we should be. We are careless with papers. We forget and throw down matches that haven't been fully extinguished. We flick our cigarette or cigar into the grass by the roadside with never a second thought. Then we sometimes wonder how the fire started.

We must each one of us bear the burden of our acts. Let's be careful when we are out in the fields or forests this year. Let's pass the word on to our friends, too, so that they may also be watchful.

GIVE THEM 90 DAYS

Back in the old days at school, I think it must have been in the fourth grade, we had a story about a man who tried to chase some boys out of his apple tree. First he tried kind words to bring them down but they only laughed and made faces at him. Then he threw grass at them, but that didn't bring any results. He next threw a handful of dirt and again they laughed at him. Then he threw some great big stones that hurt, and as the boys came down he lambasted them with a fine big stick. So it should have been.

For a number of years the authorities have been using kinds words with the autoists. The speeders though have only laughed and made faces. Then little fines were imposed. These didn't bring any of the offenders down from their perches. Now authorities are beginning to throw rocks and they hold the big stick. So we may begin to expect results.

San Francisco judges are now imposing big fines and jail sentences. We hope they will keep it up. There are so many machines in use now-a-days that really rigorous rules must be laid down and followed if "The world is to be made safe for pedestrians."

We hope that San Mateo County authorities will be as strict as those in the big city. The speeder isn't the one who is usually hurt. It's the fellow he bumps. The careful driver is often the fellow who comes home with a mashed fender or wakes up when the nurse tells him to "take this."

THE BIRD AND THE BUG

Annually large amounts of orchard and farm produce are destroyed by insects in this and neighboring counties. Every year new pests become more conspicuous and harder to control and large sums are spent by the state and nation in attempts to keep the pests in check. Yet the one agency that nature has provided, and the only one which will effectually keep the insects under control, is utterly neglected. This agency is the myriad of small birds which formerly lived upon the various insects. Each year the birds become fewer, owing to the number killed by boys whose parents supply them with guns before they have sense to know what they are doing. As the birds decrease in number, the pests upon which they should subsist, increase in startling proportion, more fruit and other food produce becomes infected with insect pests, the farmer suffers greater loss to his crops, and eventually the general public notices that living expenses become higher and wonder why.

HORTICULTURAL REPORT FOR MONTH OF MARCH

By A. W. Tate, Jr.

It is now only a short time until the apple and pear orchards of this district will be ready for the first spring spraying for the control of codlin moth, scab, and aphis. There is little or no change to be made from the recommendations of previous years which are as follows:

Standard (acid) arsenate of lead at the rate of one and one-half pounds to fifty gallons of water. For succeeding sprayings, the neutral (basic) arsenate of lead should be used at the same rate. For the control of scab, which causes the dark blotches on pears and apples, Bordeaux, 3-3-, (3 pounds lime, 3 pounds blue stone, 50 gallons of water,) should be added. If the commercial powdered form is used, I recommend six pounds to fifty gallons. This strength applies only to Bordeaux mixture containing 12.75 % active copper. Wettable Sulphur may be used instead of Bordeaux in combination with the arsenate of lead, in which event, use 2 1-2 pounds to the fifty gallons.

A combination spray for codlin moth, scab, aphis and canker worms, (the olive green measuring worm which attacks the foliage of the apple, plum, cherry, as well as many other trees, and plants,) consists of arsenate of lead and Bordeaux, or Wettable Sulphur, as above, to which is added one-half pint of black leaf 40. A spreader of some sort should be used with this spray but growers are cautioned not to use soap for this purpose with acid arsenate of lead as it is apt to cause burning of the foliage.

The spray should be applied when about two thirds of the petals have fallen and in a thorough manner, spraying as much as possible directly into the blossom end of the fruit.

There has been more nursery stock inspected during March than any other month since I have been commissioner, there having been received 800 shipments of 809,349 plants and packages from California points and 94 shipments of 116,908 plants from outside the state, making a total of 894 shipments and 926,257 plants, 895,206 of these were strawberry plants, 18,243 ornamentals, 6,057 grapes, 2,805 fruit trees, and the balance shipped out of the county. 10 treated and delivered, and 2 destroyed.

In addition to the above, the shrubbery being supplied the new county hospital has been inspected by the commissioner. Of the shrubs so far delivered, 97 have been rejected because of various insect infestations.

A. G. C. HAHN ELECTED TO MENLO FIRE COMMISSION

At the election held Monday for the purpose of choosing a commissioner for the Menlo Park Fire Commission, A. G. C. Hahn, wealthy resident of Menlo Park, was elected by a considerable majority. Hahn was opposed by J. E. Murray, Menlo Park insurance agent, in a "write-in" campaign. The election created considerable interest in Menlo Park and Atherton, and 403 votes were cast; of these Hahn received 242 and Murray 158.

Some men run cars and ohers allow cars to "run" them.

Cleaning Without Odor by the
F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette
April 15, 1899

William McDonald's first appearance in "Robinhood" in the Columbia theatre, San Francisco, Tuesday evening was a decided success, and his numerous friends of this city are pleased at his efforts that evening. He has won an enviable position on the stage and his career from now on will be one of triumph. Many of his friends went to San Francisco to hear him sing and were more than pleased at the reception the big audience gave the former Redwood resident. The Bulletin of Wednesday pays Mr. McDonald the following tribute: "William McDonald, the Redwood City blacksmith with the wonderful basso voice, sang the part of William Scarlet in 'Robin Hood' at the Columbia theatre last evening. While his voice may not have the sweep that Cowle's has, it is full, deep, strong and melodious, and in the Armorer's song he acquitted himself admirably. There was quite a delegation of his fellow-townsmen came up from Redwood City to hear him. Among them Judge Buck, P. P. Chamberlain, J. H. Mansfield, J. J. Bullock, Dr. Power, Will Plump, Ted Thompson, Carl Muller, Andy Hynding, Dave Stafford, Mrs. L. Hanson, Miss Hadler and Miss Christ. His friends applauded vigorously and there was a floral tribute from his old home."

J. V. Swift will represent Redwood City lodge Knights of Pythias at the Grand Lodge to be held at Santa Cruz next month. George Lovie has been chosen alternate.

Chase Littlejohn has returned to this city after his thrilling experience in the wreck of the illstarred Stella Erland. Mr. Littlejohn is much fatigued by the hardships he has gone through, and proposes to take a much needed rest.

The California Covering Company started its machinery going last week. All the new machinery is running like clock work and turning out first class goods. Several local men are employed at the works.

Fifty Years Ago

April 4, 1874

No longer Mokelumne. The name has been changed by an act of the legislature to Lodi.

William Sharon has removed to Virginia City, Nevada, for the purpose of preparing for the ensuing senatorial contest.

It is said that that prince of landlords, Robert Doherty of Purisma has purchased the Kinsey Hotel, Pescadero, paying $6,000 therefor. With such landlords as Swanton and Doherty, the travel to "Pescy" the present season will be immense.

Tuscon advises of the 23rd instant contain the following: Major Randall returned to San Carlon on the 18th. His command with that of Captain Hamilton, struck Eskimenzin's camp about 15 miles north of Florence, and killed 11 bucks, and captured 30 squaws and children, forty horses and mules and a large lot of ammunition, some arms and all the camp equipment. The Apaches occupied a strongly fortified position high in the mountains, and when trey first opened fire three soldiers were wounded Major Randall and Captain Hamilton narrowly escaped.

A tip on the Spring Market
a little ice saves a lot of food!
From the standpoint of economy alone, you'll find it pays to take ice *regularly* throughout the Spring months. Outside of the cold, *even* temperature of a refrigerator, perishable foods will grow stale, and some will spoil. And a little waste now and then will mean quite a total on the monthly food bills. Aside from this, ice has a tremendous health value in keeping your foods pure and wholesome. Just ask your doctor!

NOTICE OF ELECTION FOR ANNEXATION OF TERRITORY TO THE TOWN OF ATHERTON.

Notice is hereby given that at a regular meeting of the Board of Trustees of the Town of Atherton, in the County of San Mateo, State of California, held on the 2nd day of April, 1924, a written petition was presented to said Board signed by at least one-fourth in number of the qualified electors residing within the territory hereinafter described, as shown by the registration of voters of San Mateo County, in which such territory is situated, containing a description of the territory hereinafter described and asking that such territory be annexed to the Town of Atherton.

The Territory so sought to be annexed to the Town of Atherton is specifically described as follows, to-wit:

BEGINNING at a point on the Easterly boundary line of the Town of Atherton, said point also being the intersection of the centerline of Watkins Avenue with the Southwesterly line of the Middlefield Road;

RUNNING thence Southwesterly along the centerline of Watkins Avenue to a point where the same is intersected by the Northwesterly extension of the Southwesterly line of Lot 7 as said Lot 7 is shown on that certain map entitled, "Map of Villa Lots at Fair Oaks";

Thence Southeasterly along said Northwesterly extension of said Southwesterly line of said Lot 7 and running thence Southeasterly along the said Southwesterly line of Lot 7 and continuing Southeasterly along the Southwesterly line of Lot 3 as said Lot 3 is shown on the above mentioned map, and its extension Southwesterly to the Southeasterly line of Encinal Avenue;

Thence Southwesterly along the Southeasterly line of Encinal Avenue to the Northeasterly line of Laurel Avenue; thence Southeasterly along the Northeasterly line of Laurel Avenue to a point where the same is intersected by the Southeasterly line of Lot 208 as said Lot is shown on that certain map entitled, "Plat of the Lands of the Menlo Park Villa Association."

Thence Northeasterly along the Southeasterly line of Lots 208-215-220-227-232 and 239 of said last mentioned map to the most Westerly corner of Lot 245 of said last mentioned map;

Thence Southeasterly along the Southwesterly line of said Lot 245 and its extension Southeasterly to the Southeasterly line of Oak Grove Avenue;

Thence Southwesterly along the said Southeasterly line of Oak Grove Avenue to the most Westerly corner of Lot 237 of said last herein mentioned map; thence Southeasterly along the Southwesterly line of Lots 237 and 236 of said last herein mentioned map to the Northwesterly line of Ravenswood Avenue;

Thence Northeasterly along the said Northwesterly line of Ravenswood Avenue to the Southwesterly line of Middlefield Road;

Thence Southeasterly along the Southwesterly line of said Middlefield Road to a point where the same is intersected by the Southwesterly extension of the Northwesterly line of Ringwood Road;

Thence Northeasterly along the said Northwesterly line of Ringwood Road to the Southwesterly line of Bay Road;

Thence Northwesterly along the said Southwesterly line of Bay Road to its intersection with the Southeasterly line of Marsh Road;

Thence Southwesterly along the said Southeasterly line of Marsh Road to a point where said Southeasterly line of Marsh Road is intersected by the Northerly boundary line of the Town of Atherton, which point is also on the Northeasterly line of that certain tract containing 54.77 Acres formerly belonging to the W. J. Adams Estate Company;

Thence Southeasterly along the Northeasterly line of said W. J. Adams Estate Company 54.77 Acre Tract to the most Easterly corner thereof;

Thence Southwesterly along the Southeasterly line of said 54.77 Acre Tract and its extension Southwesterly to the centerline of Middlefield Road;

Thence Northwesterly along the centerline of the Middlefield Road to its intersection with the centerline of Watkins Avenue produced Northeasterly; thence Southwesterly along the said Northeasterly production of Watkins Avenue to the point of beginning.

Said territory has been by the Board of Trustees designated, and in this notice of election it is hereby, designated by the name "Atherton Addition Number 1", the same being a name and designation declared to be appropriate, and an appropriate name of identification, by which said territory shall be indicated upon the ballots to be used at said election, and at any other election at which the question of said annexation shall be submitted.

Pursuant to law and the order of the Board of Trustees of the Town of Atherton, notice is hereby further given that a special election has been called, and will be held, on Saturday, the 17th day of May 1924, for the purpose of submiting, and at which there will be submitted, to the qualified electors residing in the territory so proposed to be annexed, the following proposition, to-wit, that it is proposed to annex to, incorporate in and make a part of the Town of Atherton, the territory sought to be annexed and hereinabove described and defined; and the qualified electors of the said territory so proposed to be annexed are invited to vote upon the said proposition of the proposed annexation of said territory by casting ballots at said election upon which there shall be printed in addition to any other matter which may be required by law, the words:

"Shall the new territory proposed to be annexed to the Town of Atherton by the petition filed April 2nd, 1924, and now hereby defined and designated as 'Atherton Addition Number 1' be annexed to the Town of Atherton— YES ☐

"Shall the new Territory proposed to be annexed to the Town of Atherton by the petition filed April 2nd, 1924, and now hereby defined and designated as 'Atherton Addition Number 1' be annexed to the Town of Atherton"— NO ☐

To the right of and opposite each such proposition there shall be a voting square.

If an elector shall stamp a cross (X) in the voting square after the printed word "Yes" the vote of such elector shall be counted in favor of the annexation of the territory referred to in such proposition; and if the elector shall stamp a cross (X) in the voting square after the printed word "No" the vote of such elector shall be counted against such annexation.

Said election shall be held and conducted in conformity with the general election laws of the State of California, and said election shall be held in conformity as near as may be to the laws concerning general elections except as in the Annexation Act of 1913 otherwise provided.

The entire territory herein proposed to be annexed shall constitute one voting precinct, and the place where the polls shall be held is the building situate at the entrance of the J. L. Flood place, situate on the east side of Middlefield Road, opposite Glenwood Avenue.

The following have been appointed officers of election to-wit:

Inspector, JOSEPH A. DONOHOE
JUDGES, EDMUND M. DOYLE and MAUD C. CUMBERSON

The said polls shall be opened for the purpose of voting on such proposition from the hour of six o'clock a. m. of the morning of said day of election, to the hour of 7 o'clock p. m. of the afternoon of said day of election when the polls will and shall be closed.

By order of the Board of Trustees of the Town of Atherton, adopted April 2, 1924.
CLARENCE R. WALTER
Town Clerk and ex-officio Clerk of the Board of Trustees of the Town of Atherton.

NOTICE TO BIDDERS

Notice is herby given that the Board of Trustees of the Redwood City School District will receive bids for the furnishing of linoleum for the intermediate School Building at Redwood City, California.

The contractor for this work will furnish all labor and materials to cover the surface of corridors on first and second floors and stairs.

All linoleum to be used to be equal to Walton process Armstrong Manufacture Battleship 6 m. m. Thickness 1-4 Guage, .235 weigh 1.33 or equal.

All surface before linoleum is laid to be covered with upsaturated deadening felt weighing 1 1-2 lbs. to the square yard.

Before laying felt the contractor must inspect wood floors to see if same are thoroughly nailed; that all surfaces are true and even and that there are no loose knots. He must fill all cracks and clean boards of all foreign matter or dirt.

Armstrong's linoleum paste to be used to secure felt to floor and main body of linoleum to felt. He is to use Armstrong water proof linoleum cement to seal completely all seams and edges of linoleum.

The laying of felt and linoleum to be strictly in accordance with specifications on pages 9, 10, and 11, aparagraphs 1 to 13 inclusive of Armstrong's circular third edition of December, 1923

All scraps and debris occasioned by the contractor to be removed or burned on premises.

The bids must be sent to the office of the Board of Trustees, Central School Building, Redwood City, Calif., by Friday, April 18, 1924, and they will be opened by said Board of Trustees at the meeting to be held at 3:30 o'clock p. m., on said date at the Central School Building, Broadway, Redwood City, Calif.

The Board of Trustees of said School District, hereby reserves the right to reject any or all bids.

HENRY STEINBERGER,
Clerk, Board of Trustees Redwood City School District, San Mateo County, Calif. Apr. 5 3t

NEWS OF MENLO PARK

Invitations have been issued for the wedding to take place in Savannah, Ga., April 23, of Miss Nary Swan Crowther of that city and William Wallace Sprague, son of Mr. and Mrs. Richard Sprague of Menlo Park.

M. Poison of Menlo Park celebrated his seventy-third birthday Thursday at the Timothy Hopkins place, of which he has been foreman for 35 years. About a dozen friends attended a dinner given in his honor.

The old-fashioned dance to be given by the Native Daughters on Tuesday evening in Duff & Doyle hall promises to be well attended. It will be the first dance after lent and therefore the attendance will be unusually large.

Mr. and Mrs. Williams of San Francisco have leased the Merrill home at Atherton. It is now occupied by Julien Hart, the wholesale silk importer.

The many friends of Mrs. John MacBain will be pleased to hear that she is rapidly recovering from her recent illness. She is at Mills Memorial hospital, San Mateo.

The regular monthly meeting of the Parent-Teachers Association will take place on April 25th. The members are planning some big things for the grammar school.

Father James Doyle has received an assignment by his superior in St. Louis, Mo., to St. Ignatius University in San Francisco until next September. This well be glad news to his numerous friends on the peninsula, who will be given an opportunity to meet the young priest from time to time.

Daniel Regan, a former pioneer resident of Menlo Park for many years, is very low at the home for the aged, conducted by the Sisters of Mercy at Fruitvale, Oakland. Owing to his advanced age and infirmities, he will not recover from his present illness. Mr. Regan came Menlo Park in the sixties and for many years pursued his trade as gardener at the big estates here. Several years ago he went to the home accompanied by his wife who passed away some time ago. Regan was universally loved and liked by all who knew him.

The Woman's Exchange, Mrs. Kurtz proprietor, will offer a big display of home-made pies and cakes and bread, rolls, etc. to day. None can compare with these articles. Come and try them.

The election for fire commissioner last Monday was a jumbo affair, bringing out 403 voters. Up until the day before election it was supposed the incumbent commissioner, A. G. C. Hahn, had no opposition. J. C. Murray threw his hat in the ring and conducted a spirited campaign for the place. Mr. Hahn, who left for Germany some time ago, left his campaign in the hands of his friends, and they rallied to his support, bringing out the voters. Many voters were disqualified, owing to the fact that they did not register thirty days before the date of election. Of the ballot cast, Hahn received 242 and Murray 158, the former's plurality being 84. When citizens take such an interest in local civic affairs, it is a wholesome sign that they want good government and are willing to take the trouble to come to the polls to make their choice. It has been said that the government is rapidly becoming an oligarchy because so few voters come to the polls on election day. They are willing to "let George do it" instead of taking a hold themselves and manifesting an interest in their government.

Mrs. Frederick W. Sharon is arriving here next month for the summer. She will divide her time between San Francisco and Menlo Park. Contrary to report, Mrs. Sharon did not go abroad, as she had at one time planned to do.

Mrs. George Meekins of Palo Alto and formerly a resident of Menlo Park, has purchased a half an acre in the exclusive Winchester tract and will soon erect a handsome bungalow. All the lots in the choice subdivision have been sold.

Mr. and Mrs. Zane are occupying the Sutton hame at Atherton. They will soon begin the erection of their new residence at Woodside, the old one having been burned some time ago.

The Menlo Park Chamber of Commerce held a meeting last evening and by a lengthy resolution adopted the program of improvement outlined by the federated chambers of commerce of the peninsula. The latter supports the building of the Dumbarton bridge, the construction of the Bayshore highway and the dredging of the bay at South San Francisco. They also are planning a campaign to have the Southern Pacific Railroad Company establish an up-town depot. Should this program be accomplished the peninsula would boom as it never did before.

Richard D. Girvin, who passed away at San Francisco during the early part of the week, was well known here, having lived at Atherton for a number of years. In his young manhood he married Miss Eyre, daughter of the late Colonel Eyre, and for years they lived happily at Atherton. For a long period Mr. Girvin was a member of the firm of Girvin and Eyre, grain brokers. The concern did a thriving business, both members accumulating fortunes. Mr. Girvin was a native of England, aged 70 years. He was a cultured gentleman with a dignified bearing and universally liked and loved by all. Mr. Girvin was popular and highly respected in the business circles of San Francisco.

To show that the mouth and foot disease among the cattle is doing much to retard the progress of the state, it may be stated that during the week a setting of turkey eggs shipped to Arizona by George Schaffer some time ago was returned Wednesday not being permitted to enter the state owing to the disease here. Mr. Schaffer recently made a shipment of these eggs to every stat in the union. Thus far Arizona was the only commonwealth to return the eggs. Mr. Schaffer has a farm near the Sharon estate where he raises the turken, a fowl bred from a Rhode Island Red chicken and a Russian pheasant, the product being a bird the size of a small turkey. The story is told that the pheasant was a choice fowl of the hennery of the late Czar of Russia, who never permitted the eggs to leave the royal estate. When he was killed the eggs were permitted to be distributed, several settings finding their way to this country. The turken is said to be delicious when properly cooked, much superior to the turkey from which family it originally came. Mr. Schaffer cannot supply the big demands for the eggs. The fowl is splendid for table use. The eggs bring a fancy price.

The special election to annex certain territory to the Town of Atherton will take place on May 17. For the exact boundary lines of the territory sought to be annexed see notice of election in another page of this paper.

In a few days the Menlo Park fire department will receive a large modern fire engine from the east. It will be the last word in apparatus. The department will then be equipped sufficiently to cope with a conflagration.

Runnymede Items of Interest

There was a large crowd at the Dancing Club party Saturday evening and a most enjoyable party was given. Their next dance will be held the first Saturday evening in May.

Rehearsals are being held for the play for literary night, the 4th Saturday of this month. Archie Steele of Stanford is directing the play.

Lenn Follett is on the sick list at present as the result of running a nail in his foot while at work last week.

Mr. and Mrs. Harry Walker and Reverend and Mrs. Moon of Oakland were guests for the day Saturday at the H. Schilder home.

Miss Lucille Zimmerman, a friend of Miss Irene Crosby at Teachers' College, accompanied her home for the week end.

Mr. and Mrs. Fred Klein entertained their San Francisco relatives Sunday.

Mrs. Amos Davis returned for the week end from Benicia. Her sister, Miss Jackson, accompanied her back to spend the week in Benicia.

Duane Harper was home from Oakland for a couple of days the past week.

Ed Mello motored to Contra Costa county Saturday morning to visit relatives. His mother accompanied him as far as Oakland to visit with her mother.

Mr. and Mrs. W. A. Romes were guests with their Los Altos relatives Sunday.

Mr. and Mrs. L. Plagemann of San Francisco were visitors with Mr. and Mrs. A. E. Martinelli Saturday.

The Barnbys have bought two lots in Runnymede Park, across from their University avenue property. They have moved back to their Walnut street place and rented their cottage on Woodland to Mrs. George Albright, a recent arrival from Canada.

Mrs. C. E. Houck of Weeks street is visiting in Richmond with her son and family.

Joe White was a visitor at the C. L. Harper home Saturday announcing a baby daughter, Cheryl Burdett, had come to gladden the White home, born Saturday. Mrs. White was formerly Blanche Harper.

Mrs. J. L. Moody is visiting with friends in Oakland this week.

Mr. and Mrs. J. W. Holmes of Oakland, Louis Bennett of Palo Alto, Wall Hutchinson, his son Hale, and daughter Ruth, and Rachel and Mrs. Mary Hutchinson of Runnymede were dinner guests at the Alfred M. Gravestock home on Almond street Sunday.

Mr. and Mrs. Peter Garcia entertained with a family dinner party at their home on Almond street Sunday. Covers were laid for Mr. and Mrs. P. Garcia who were over from Irvington, Miss Gladys Melligan of Palo Alto, Mr. and Mrs. Robert Garcia and Mr. and Mrs. Peter Garcia.

Glen Busick of Richmond is passing a few days at the home of his uncle, Thomas Duke.

John Moffit of San Francisco was a Sunday guest at the Merwin home on Euclid avenue.

Mr. and Mrs. A. L. Holtz of San Francisco have moved down to their Cherry street property.

Mr. Behsin of Oakland spent a couple of days at the Findlay home on E. Cheery street this week, returning home Friday.

Mrs. C. A. Nickerson is out from Palo Alto for a visit at the home of her son on Cooley avenue.

MEHTODIST EPISCOPAL CHURCH

Maple Street
Rev. Harry Owen, D. D., Pastor

Next Sunday being Palm Sunday, the Rev. Dr. Harry Owen will preach at 11 a. m. on "The Power of the Atonement"—the most important subject for the world's consideration. He wishes to show that if men from intellectual difficulties or lack of spiritual experience, ignore the ATONEMENT, they become either nerveless and ineffective, eccentric and sensational.

This is a mighty topic. Come and hear it discussed.

Solos will be sung in the morning service by Mrs. Medefind and Mr. T. Vernall.

The Bible school will meet as usual at 9:45. The Epworth League will meet at 6:30. A good attendance is expected and a fine service anticipated. The church service at 7:30, with a solo by Prof. Myers. The Rev. Harry Owen will preach on "The Vital Question God is Asking of All Men and Women."

All the services will be rich in music and fine gospel truth. A cordial welcime is offered to all.

Toccato in G (Dubois) At the 7:30 service the professor's program will be Andantino (Lemare). Variations in Adeste Fideles (W. Richards). Festive March (Oneart).

The C. E. meeting of April 13th will be held promptly at 6:30. The topic is "My Decisions and what they have meant to me." The leader is Mrs. Albert Meyer. This is the last night of the exciting contest between the boys and girls. Everybody welcome. The C. E. will have a Sunrise Easter meeting at Schilling's view point on the La Honda grade. They will meet at 4:30 on the morning of April 20, 1924.

INCREASED USE OF ICE MEANS INCREASED HEALTH

Interesting to some is the fact that a few more millions in gold arrived from Europe a few days ago, and was sent to the National City Bank, New York. Just as iniportant is the fact that the manufacture of ice last winter was greater than ever before For just as the influx of gold to the United tates is an indication of national wealth, so the out-go of ice from the manufacturer is an indication of national health.

In slum sections of large cities, where the use of ice as food preservative is almost unknown, health standards are deplorably low. Just the reverse is true in communities where ice is regarded as an all-the-year-around necessity. Good health depends, to a great extent, upon good food; and perishable foodstuffs can only be kept good by one method—ice.

It is interesting to note how education has co-operated with legislation in this respect The purveyer of foods is prevented by law from fresh and wholesome. But no law can prevent the housewife from allowing them to spoil before using them. It is at this point that education steps in, explaining that spoiled food is not only an economic waste but a grave error from a hygienic standpoint. Even when the food exhibits none of the usual signs of spoiling much of its nutritive value may be lost.

The result has been an increased consumption of ice, and higher health standarsd in general.
